NEELKANTH VIDYAPEETH is committed to community and academic excellence which thrive through honesty, trust, and mutual respect. The intellectual health of the community depends on this honesty and sustains itself through the trust and mutual respect of each of its members. As members of the academic community, faculty, students, and administrative officials share responsibility for maintaining this environment. It is essential that all members of the academic community subscribe to the ideal of academic honesty and integrity and accept individual responsibility for their work. We expect to meet the highest standards of honesty in the performance of academic work and to work on the procedures to enforce these standards.

Education is all about knowledge and understandings. We aim to develop ability in students. So that they can choose act and reflect. We sincerely hope to raise to an international level. We focus on student centered education and motivate pupil teacher to become excellent facilitators in future. Professional development at Neelkanth Vidyapeeth is ongoing for teachers as facilitators. It is our prime concern to work for whole person development.
