About The Group

Established in 2007 under the aegis of Sri. Shri. Venkateshware Educational and Social Welfare Trust, the group referred to as Neelkanth Group of Institutions (NGI), comprises of:

a) Neelkanth Institute of Technology - NIT (Affiliated to MTU, Noida)
b) Neelkanth Institute of Engineering & Technology - NIET (Affiliated to BTE, Lucknow)
c) Neelkanth College of Engineering - NCE (Affiliated to BTE, Lucknow)
d) Neelkanth VidyaVihar - NVP (Affiliated to CCS University, Meerut)
e) NGI - ITI (Technical Skills Development Programme)
f) NIET - ITI (Technical Skills Development Programme)

Wherever required the institutions of NGI are duly approved by AICTE, New Delhi. These institutions are housed in a 65-acre sprawling lush green campus located near Janaki Vihar (Shri Patil Agricultural University), Meeraipuram, Meerut. The institute is conveniently situated at a distance of 1 kilometer from Melangoli Mall and the thriving Patavpuram market. Furthermore, Banking and the Medical facilities are also located nearby.

(NGI has been awarded ISO 9001:2000 Certification)
The City

Located 45 km distance from New Delhi, Meerut is an ancient city which finds mention in the holy Ramayan as Matsya, the birthplace of Maharani Mandodari. It is a place of historical importance as the First War of Independence against the British Rule commenced on its soil in 1857. The city is famous for its sports goods and handloom industries. The city is nationally renowned as a manufacturing centre of gold and diamond jewellery and internationally for musical instruments like trumpets, drums, clarinets etc.

Meerut happens to be a prominent cantonment. It has emerged as a city offering modern amenities in respect of medical care, education, trading, banking, telecom, shopping malls, bustling markets, recreational clubs and centres. It is well connected by road and railway and just 100 kilometers away from an international airport.

In recent years, it has emerged as an educational hub of North Western U.P. having Four Universities and a significant number of institutions engaged in Engineering, Medical, Agricultural, Hospitality and Management education.
Education in all its forms, liberates a person from the darkness of ignorance, fear and myths. In fact, it empowers an individual intellectually and spiritually. The mission of spreading education is thus a sacred one.

From a humble beginning in 2007, Neelkanth Group of Institutions have progressed well in terms of offering sound infrastructure and state of the art educational facilities to its students. Over a period of time, our educational institutions have gained recognition and respect in the academic circles. As a result we have been able to acquire substantial talent in respect of students and faculty members.

It is matter of great satisfaction that our students have not only excelled in academics but have also received encouraging acceptances in the corporate arena as also in the government sector establishments. Our efforts to make them employable and initiatives to source employment have yielded rich dividends.

We consider our faculty members as worthy contributors in institution building therefore, we deem it as our duty to nurture their individual talents and provide them valuable opportunities for professional development and career growth.

In coming years, we are contemplating to add new academic programs in our sprawling 65 acre campus and also taking few strides in the field of research & development.

In totality, we are surging ahead with an endeavour of unlocking the potentials inherent in people to enable them to build up their professional career and brighten up their future. I assure one and all that our concern for quality education and our efforts to transform it into reality is an everlasting commitment.

Best Wishes,
Brijver Singh

Our country is blessed with tremendous natural resources and immense human potential yet we do not figure in the league of prosperous nations of the world. To mitigate this paradox, technical education is the need of the hour. Technical Education will equip people with ways to utilize their intellectual potential towards harnessing the natural resources. We have witnessed the success of this mantra in the last two decades in terms of our economic growth and the resultant well being of our people. However, we have a long way to go and a lot remains to be achieved in respect of economic progress and social welfare.

We, at Neelkanth Group of Institutions (NGI) are attempting to make a humble contribution in nation building by imparting meaningful technical and management education. To achieve the envisaged ends we are mobilizing and employing requisite means be it in the form of infrastructure, well equipped laboratories, modern audio-visual teaching aids and well stocked libraries.

We believe that a “relaxed mind is more receptive” so at NGI academics is ably supplemented by sports, cultural activities and social interactions. To enable recreation, well laid play grounds and sports facilities have been provided. The campus houses a seminar hall & a conference room equipped with latest audio visual aids which facilitate the showcasing of values and fruitful interactions during academic and cultural programs. However, the buck does not stop here for we are continuously updating & augmenting these facilities.

We appreciate the fact that technical & management education cannot be imparted wholly within four walls of the class room therefore, we are rallying hard to enlist cooperation and support from eminent research & development bodies, corporate houses, training organizations and I must emphasize that our efforts in this direction have borne fruits.

For us the journey has just begun, we know for sure that it is going to be a long and a challenging one but your convictions & commitment to the cause shall always propel us further.

Best Wishes,
Amar Ahlawat
Chief Advisor’s Message

“In the actual is limited, the possible immense”

With a firm belief in this motto, we at Neelkanth Group of Institutions are striving harder and faster to achieve excellence in all spheres of education and training.

To enhance the learning experience in our institutions, we have embarked upon the time tested Quality Improvement Plan (QIP) to be adhered to, on a serious note by our faculty members. These QIP norms have been prescribed by AICTE, New Delhi and are aimed at ensuring that teaching and training is imparted in a systematic, well scheduled manner. It is a comprehensive plan which encompasses a faculty member’s commitment in terms of teaching, co-curricular activities, self development and extension services. I am sure this initiative will serve the interest of all stakeholders in an emphatic manner.

Keeping in view the demands of the prevailing times, we are focusing very strongly on building mutually beneficial partnerships with the corporate entities. We have invested considerable efforts in garnering support from the corporate in the form of arranging industrial training, participation in live projects, setting up incubation centers for our students, inviting eminent guests and trainers from the corporate for potent interactions with our students and faculty members. I am confident that these measures will go a long way in building result oriented relations which will open up new avenues for practical learning and placement of our students.

Furthermore, our endeavour is also to transform our students into creative and innovative individuals who then can emerge as remarkable business leaders and noteworthy entrepreneurs.

Consolidating the present position by building upon our strengths with an eye on gearing up formidity for the future sums up our mission.

In true sense, we foresee the immense possibilities and wholeheartedly accept the inherent challenges.

With best wishes,
Dinesh C. Sharma

Director’s Message

In the current decade the environment in all its forms is changing at an unprecedented pace. Specifically, speaking, economy, culture, technology, business, customer preferences, regulations, etc. have become so dynamic that we are finding it increasingly difficult to cope up with them. Competition has entered into every sphere of life and for achieving success sincere and dedicated hard work in the right direction is inevitable.

Therefore, we at Neelkanth Institute of Technology are leaving no stone unturned to accomplish the needful.

We are laying unparalleled emphasis on providing quality technical education, developing communication abilities, empowering students to think independently.

We have mobilized opportunities for nurturing aesthetics and creativity by participation in performing arts and cultural activities as part of our mission to provide avenues or holistic education with a view to transform our students into competent professionals.

To sum up rather than just conveying information, we teach students the techniques of learning and provide the environment as well as resources that encourage and support this approach to learning.

On the other front we are urging the faculty members to get actively involved in research. They are also encouraged for research paper publications and for attending and presenting papers in the conferences both in India and abroad. Furthermore, we encourage our faculty members and staff for higher studies too.

It is our conviction that the reputation of an institution of higher learning is based on the character and performance of individuals who work and live in it, the teachers and students. There can be challenges which may appear formidable. But, those who have the will, determination and perseverance shall overcome the difficulties and attain higher levels of achievement in the pursuit of excellence.

Our sacred endeavour rests upon the belief: “The state of your life is nothing more than a reflection of your state of mind.”

I wish you the best,
Dr. Nilesh Kumar
Vision
To become an exemplary centre of learning where knowledge seekers are facilitated to transform themselves into individuals who can make a difference to the society through their intellect, knowledge and innovation coupled with an equal concern for ethics.

Mission
The mission of NGI is to disseminate knowledge with an aim of human transformation for the betterment of society. NGI is committed to providing its students with excellent academics blended with excitement of innovation endorsed in an intellectually stimulating setting.

We aim to develop in each member of NGI community, the passion to work diligently, creatively and effectively to take on the existing and the emerging challenges of this world.
Objectives

All Institutions of NGI aim at becoming Centre of Excellence in the field of Technical & Managerial Education.

With an intense focus on academics and overall grooming of students we shall transform our students into Globally Employable Managers.

All institutions of NGI shall strive to transcend the barrier of existing knowledge through unswerving emphasis on Research & Development.

Forward Looking Statement

In the foreseeable future, NGI plans to set up a Dental College and Medical College subject to the grant of approvals and recognitions by the regulatory bodies and affiliation with a recognized Indian University.

The management of NGI envisions achieving greater heights in the field of Education and establishing a University with due Recognitions & Approvals from all concerned Regulatory bodies.
Academic Programs
What will you learn from us?

- B.Tech / M.Tech
- MBA
- PGDM
- Polytechnic
- BBA / BCA
- B.Ed
- ITI
Neelkanth Institute of Technology - NIT

Established in 2008, it is affiliated to Mahamaya Technical University, Noida and approved by AICTE, New Delhi.

Currently, it offers the B.Tech and the MBA program. The institution is equipped with modern laboratories, state of the art teaching aids and worthy faculty members. It has been organizing seminars, workshops and cultural events on a regular basis and has enlisted valuable participation from the industry and academia.

Programs Offered
B.Tech | M.Tech* | MBA

* Proposed programs offered in CSE & ECE branches from the session 2012-13

**Eligibility Criteria**
- 10+2 from a Recognized Board of Education with 50% and above marks in PCM subject to University norms
- Student should have appeared in UPSEE.

In B.Tech 2nd year (Lateral entry option):
- Diploma in Engineering or B.Sc (with math in 12th standard)
- Gen/OBC: 45% marks
- SC/ST: 40% marks,
The department is a breeding ground for the young technocrats. The department deals with first year students of IT, Tech and handles academics in respect of Physics, Chemistry, Mathematics and Professional Communications. The department is equipped with:

- Physics Lab
- Chemistry Lab
- Professional Communications Lab

The department provides lab facilities pertaining to:

- Computer Programming
- Operating Systems
- Microprocessor
- Operating Systems
- Java Programming
- Compiler Construction
- Software Engineering
- Web Technology
- DBMS
- Mini Projects
- OOPS and Algo
- Distributed Systems
Department of Information Technology

Information technology has become an integral part of business, governance and touches our daily lives in numerous ways. Therefore, no efforts are spared to constantly upgrade the facilities in the department to keep pace with changes and novel demands of the business and society at large.

The department provides lab facilities in respect of:
- Computer Networks
- Operating System
- Compiler Construction
- Web Technology
- Distributed System
- Mini Projects

Department of Electronics & Communication Engineering

The department’s major strength is a team of young and dynamic faculty members who besides being dedicated are innovative as well. The technical infrastructure is comparable with the best.

Lab facilities concerning the following are available:
- Microprocessors
- PCB & Electronics
- Microcontroller
- Instrumentation
- Microwave Engineering
- Emec
Department of Electrical & Electronics Engineering

The power sector is expanding which will drive the need for trained professionals in this arena, the department is making sincere efforts for preparing students who can get absorbed successfully.

The department provides Lab facilities in relation to:
- Numerical Techniques
- Electrical Measurement
- Electronics
- Electrical Simulation
- Electromechanical Energy Conversion
- Control System
- Analog IC
- Analog & Digital Communication
- Power Systems
- Electrical Instrumentation

Department of Mechanical Engineering

With a team of highly dedicated and knowledgeable team of faculty member aided by the state of the art laboratories, the department is poised well to deliver good education and training to its students.

Lab facilities available pertain to:
- Workshop Practice
- Material Science & Testing
- Fluid Mechanics
- Heat & Mass Transfer
- Dynamics of Machines
- Engineering Mechanics
- Applied Thermodynamics
- Measurement & Metrology
- Machine Drawing
Department of Civil Engineering

With a recent spurt in civil construction there is an unprecedented demand for civil engineers. Furthermore, few engineering colleges in the private sector run the civil engineering program. NIT offers the program in a highly convincing manner. Its team of faculty members consists of young & enthusiastic as well as highly experienced people. It can also claim to have excellent equipment & infrastructure to provide effective practical training.

Lab facilities provided pertain to:
- Fluid Mechanics
- Building Material
- Surveying
- Building Planning & Drawing

Eligibility Criteria
- Graduation with 50% and above marks in any discipline subject to University norms.
- Student should have appeared in UPSEE
- Final year Bachelor Degree students are also eligible to apply however admission shall be confirmed subject to the completion of the Bachelor Degree program.

Admissions
Admissions to the academic programs of NIT are taken in conformity with Guidelines issued by Mahamaya Technical University, Noida and AICTE, New Delhi.
Institute's Attributes

- Modern class rooms equipped with latest teaching aids like LCD projectors and internet connectivity.
- Highly Qualified and Seasoned Faculty Members.
- Well structured and closely monitored teaching programs.
- Equal emphasis on practical training, projects & case study based learning.
- Effective linkages with industry to augment training and placements of students.
- Implementation of an effective Personality Development Program for students.

Social Responsibility

The institute has been at the forefront in addressing social concerns. The students and faculty members are encouraged to participate in socially relevant activities.

As a matter of policy, the faculty members’ performance appraisal includes an assessment of their involvement and contribution towards extension services.

Visits to orphanages, old age homes and leprosy centres have been organized to offer humble assistance to the needy.

The Institute has been organizing Blood Donation Camps on occasion of World Blood Donation Day in association with Rotary Club.

Recently, a huge rally was organized by the institute to express and pledge support to Shri Anna Hazare’s country wide movement against corruption.
Neelkanth Institute of Engineering and Technology (NIET) & Neelkanth College of Engineering (NCE)

Established in 2006, they are affiliated to Board of Technical Education, Lucknow and approved by AICTE, New Delhi.

These institutions run polytechnic programs with a strong emphasis on theoretical inputs and effective practical training.

Over a period of time, these institutions have made a mark in polytechnic education and are reckoned as one of the best in their domain.

Eligibility Criteria
The candidate should have passed 10th Standard Examinations from a Recognized Board of Education with a minimum of 35% marks.

Institutes’ Attributes
Spacious and well-furnished class rooms;
Qualified and experienced faculty;
Well Equipped Labs and well stocked library;
Adoption of new initiatives like Mentoring Sessions, Problem Solving Sessions;
Remedial classes for reinforcing academic fundamentals;
Special classes for CBSE students.
Neelkanth Vidyapeeth
Established in 1966, it has emerged as an institution deeply committed to the cause of promoting quality education at the graduation level.

PGDM*
Approved by AICTE, New Delhi
Duration: 2 years
*Proposed program for the session 2012-13

BBA
Affiliated to C.C.S University
Duration: 3 years
Annual Intake: 180

BCA
Affiliated to C.C.S University
Duration: 3 years
Annual Intake: 180

Eligibility Criteria
The candidate should have passed 10 + 2 Examinations from a Recognized Board of Education with a minimum of 45% marks in case of General candidates and 33% in case of SC/ST candidates.

B. Ed
Affiliated to C.C.S University, Meerut and approved by NCTE, Jaipur
Duration: 1 year
Annual Intake: 100

Eligibility Criteria
Graduation with 50% and above (any discipline), Student should have appeared in UP State Entrance Examination, Final year Bachelor Degree students can also apply.

Admissions
Admissions are strictly based on the guidelines issued by UP Government, C.C.S University, Meerut and NCTE, Jaipur

Institute’s Attributes
Excellent infrastructure and modern teaching aids
Academically sound and experienced faculty
Well-equipped computer lab and a well-stocked library
Emphasis on personality development of students
Proposed Insitutions

Two new Industrial Training Institutions are proposed to be set up in the near future. A brief mention thereof, is as under:

- The institutions shall be named as NIETI-TI and NGI-TI
- Each institution shall impart industrial training in 33 trades in two shifts.
- The proposed colleges shall set new benchmarks in terms of infrastructure, laboratories, equipments, facilities and manpower.
Training & Placement Cell

With the aim of forging result oriented and mutually beneficial relations with the corporate houses, the institute has set up an independent cell. The primary activities under its purview are:

- Searching & Channelizing employment opportunities for the students
- Arranging for summer internship training for students
- Explore the possibilities for setting up Research & Development Centres in partnership with Industry
- To explore avenues for mobilizing short term projects for students and consultancy assignments for faculty members.

The department is well equipped with automated systems and telecommunication links and is manned by a team of dedicated and highly seasoned professionals.

Calendar of T & P Activities

The Primary activities involved in training and placement of students have been planned and scheduled as under:

Library

To cater to its specific academic needs, every institution maintains a well-stocked fully air-conditioned library. These libraries have a huge reservoir of quality text books and reference books written by acclaimed authors and published by publishing houses of national and international repute.

In addition to this, the library resources are supplemented by trade and technology related magazines and journals as well as national and international research journals which have been subscribed to on a regular basis.

Seminar hall

Conferences, seminars, workshops, guest lectures, cultural events are a regular feature at NGI. To conduct these events on a praiseworthy note, a well-furnished and adequately equipped Seminar Hall has been provided. The seating capacity of the hall is 150 and its utility is enhanced by latest audio-visual equipment and the fascinating acoustic arrangements.
Accommodation

The sprawling campus houses separate hostels for Boys and Girls. The hostel rooms are adequately ventilated, well maintained, They are WIFI enabled and provided with 100% power back up on a 24x7 basis. Adequate security arrangements have also been made so that we prove to be reliable custodians of your wards. The hostel facility is priced economically with a view to offer it advantageously.

Mess

The hostels have their individual Mess, Every care has been taken to ensure availability of nutritious, sumptuous and hygienically cooked food to the students residing in the hostels. The housekeeping in the kitchen and the dining room, the ingredients and the meals are inspected and examined regularly by the respective Hostel Wardens. Special Meal is served on Sundays.

Cafeteria

Amidst the lush green lawns, the institute’s oval shaped cafeteria is situated. Along with delightful beverages and snacks that it serves, one can relax by watching the LCD TV or listening to soulful music. Quality control is stringently exercised in respect of food items sold in the cafeteria.

Sports & Gym

In pursuance of our belief that “Healthy mind resides in a healthy body” we had made it a point to provide well-organized playgrounds and requisite outdoor and indoor sports facilities for the students in our campus.

The Sports Complex Houses an ultra modern gym armed with state of the art fitness equipment has been established in the campus. The gym is run under the supervision of an expert fitness trainer.
Transport
Since its inception, the institute has provided a reliable transport facility for its students and faculty members. The institute's buses operate from all corners of the city of Meerut as also from selected points of the neighbouring towns. The facility is provided at an affordable cost.

Medical aid & ambulance
Provision for primary medical attention and first aid has been made in the hostels. For medical emergency, ambulance facility is available in the campus on a round the clock basis.

Beyond curriculum
Various social and competitive activities are organized for students like Technical Fests, Blood Donation Camps, Sports Festivals, Scout and Guide Camps, Personality Development Programmes, etc.
Techmenia
A Technical fiesta

The College organized a 7 days technical fest “Techmenia” Festival focused primarily on bringing out the talent in students and generating lots of fun with exciting events, competitions and exhibitions. ‘Techmenia’ served as a platform for the youth to showcase their technical knowledge & talent. The organizing teams targeted audience comprising of engineering and non-engineering students from all over the state, alumni, and professionals from industry. Mega Events were Robotics, C/C++ Programming, Science exhibition, Accounting, Jeetkido, Treasure hunt. The highlight of the event was a scintillating performance by the famous Bollywood Singer Ms. Sonu Kakkar.

Yuva
An education fair

Neelkanth Group of Institutions organized an Education Fair YUVA for the first time in the history of Meenut. The fair was held on 30th and 31st May 2009 and it offered institutions such as JNUSI, BIT, BIMT and NIPD a valuable platform to showcase courses and relevant information to working professionals and students. It was served to connect the bridges and move audience one step further in their lives by providing professional advice on specific subject areas and future career path opportunities. YUVA was formed to effectively help institutions/universities to promote their courses and study experience. In a nutshell, the objective of YUVA was to provide an all-under-one-roof channel to the audiences, as talking to the right people is the most important aspect for decision making process when choosing Graduate or Post Graduate program.

Blood donation Camp

“Donate blood, Donate life! Cost: Just a little love” The noble deed of Blood donation camp takes place at Neelkanth Institute promises every year, result of which is the overwhelming response from the students as well as faculties of the college. A well-organized camp inspires many onlookers around to become blood donors.

Sports
Show your stamina

NGI takes interest in providing ample opportunities and facilities for sports and games activities. The college aims at the holistic development of each student and the sports club activities have an important role in this.

Physical Education department of NGI has organized ‘Chakravart 11’ an inter college sports meet in which around 200 colleges participated from all around the country. It consisted of different sports such as, football, cricket, tennis, volleyball, chess, table tennis etc. which went around for 12 days announcing around 100 winners. We feel happy and fulfilled that our students make the best use of the facilities provided is our sport complex.
Fiestas

The institute organizes an Annual Fest with fanfare and flamboyance. The fest attracts huge participation from the student community. The fest features live musical performances by nationally renowned musicians. The Annual Fest has always been acclaimed and received overwhelming appreciation from all quarters of stakeholders.

The Annual Fest is accompanied by Annual Sports Week. The event has special significance for students to showcase their sporting talents and win awards.

Besides these, cultural programs of diverse complexion as well as exhibitions are organized on a regular basis to enable the students to show themselves.
